### By your signature, you acknowledge to have read, understood and consented to the following:

- You authorise P+ to obtain relevant information about your previous pension scheme.
- Your previous pension scheme is discontinued, and the transferred amount is used for increasing the pension benefits that you are entitled to in P+.
- You must be aware if your previous pension scheme ensures you a cover or pension benefits which will are not transferred to your pension scheme in P+, particularly if you are ill, working in a job on flexible terms or the like.
- If your previous pension scheme includes an interest or benefit guarantee, this guarantee will no longer apply and are not transferred to P+.
- If you have appointed a specific beneficiary in your previous pension scheme, this appointment is discontinued and replaced by the beneficiaries appointed in your existing scheme in P+.
- 2 percent of the transferred value are set aside for MemberFunds which are a part of P+'s basic own funds. On retirement, MemberFunds are paid as a non-guaranteed supplement to the pension benefits. In general, the size of MemberFunds is fixed annually and can be changed or discontinued. You can read more about MemberFunds [here](#)
- Your earliest pension age may change.
- Your possibilities for terminating your pension scheme in P+ prematurely against a cash payment are limited. If your previous pension scheme includes stricter rules for prematurely termination, these rules are transferred to your pension scheme in P+.
- The transferred pension scheme becomes subject to the same terms and conditions for interest payment as your existing pension scheme in P+.
- P+ does not charge any fee for the transfer of your pension scheme. The ceding company may charge a transfer fee, a withdrawal penalty or another fee which may reduce your savings if they are transferred.
- The transferred pension scheme becomes subject to P+'s insurance terms etc. in force at any time.
